## Comfortable Highway Transportation To All Parts of the West—

**N**O MATTER where you want to go, you can travel there quickly, comfortably, and at low cost in a Pickwick motor coach. This highway service is available every day in the year in Corona and in most of the cities of the West Coast.

It is almost like going in your own limousine. You travel the beautiful highways without the worry and strain of driving. The long wheelbase of the Pickwick coach, the well-cushioned seats, the smooth comfort which results from these features added to a big, carefully-driven six or eight cylinder motor car with air springs, are yours at very low cost in a Pickwick stage.

Use this service that is always ready for you. Go next time by Pickwick highway coach.

## Depend on ICE in All Weather

A few cents invested in ice saves dollars in food. In such food—milk for instance—germs multiply rapidly when the temperature reaches 50 degrees, and the food loses much of its value, even before it actually spoils.

Los Angeles Address—1062B North Normandie Avenue

## INTRODUCTORY

In presenting this the first edition of the Corona City Directory ever published, THE KAASEN DIRECTORY CO. feels assured that it will meet with the same general approval and satisfaction as its many other publications have done, and marks an epoch in the history and progress of this city.

The publishers have constantly kept in mind that the great value of a directory is that it be complete and correct, and to gain this end no expense or effort is spared. A great measure of success is due to the unfailing courtesy of the citizens of the community in furnishing information freely, and the generous patronage of many of the business men, which makes this publication possible, and to these we take this opportunity of extending our thanks.

THE PUBLISHERS.

CLASSIFIED BUSINESS DIRECTORY .....	111

---

### NAMES APPEARING IN BLACK LETTERS

---

and the **Advertisers** in this Directory represent the **energy** and **push** of the community, and it is a pleasure for the publishers of this **Directory** to have the opportunity to make the public acquainted with them through our pages. Those in **black letters** are the people who **accomplish the wonders** in business here and make the community what it is. They recognize and support all public necessities and things needful to improve and serve a community. When you **patronize those in black letters** you patronize men and firms who will patronize you in the same broad manner in which you patronize them.

TEN COMPLETE DEPARTMENTS

## Corona Street and Avenue Guide AND Householder's Directory

In this department of the Directory the streets are alphabetically arranged and described by giving the point of commencement of each street and its line of direction.

The number of each residence or place of business is given in the order of occurrence; following the number is placed the name of the householder or business occupying it.

The profession or business of individuals and firms is only given at their respective places of business; to find the occupation of householders, refer to the Alphabetical List of Names.

### HOUSE NUMBERING

Main Street is the dividing line of streets running east and west.

Streets running north and south begin numbering at their southern end.

Even numbers are on the east and south sides of streets.
